

Scouts against Malaria

And Scouts for SDGs

Scouts for SDGs forms the basis of the commitment by World Organisation of Scout Movements to coordinate the activities of its members, a mobilisation of 50 million Scouts, to make the world's largest coordinated youth contribution to the Sustainable Development Goals (SDGs).

Scouting has made an extraordinary contribution over the years to improve the sustainability of our planet, promote peace, and tackle inequality. Earlier this year Scouts surpassed an incredible milestone by giving more than one billion hours towards sustainable development through local projects under World Scouting's programmes.

By 2030, this unprecedented activation aims to engage 50 million young people in a coordinated effort to deliver two million local projects and an additional three billion hours of service for the 17 Sustainable Development Goals.

To ensure that we can log the time spent on your activity on the SDG website, can you please provide us with the following details –

Scout Group

Type of activity

Date

Time of activity in hours

Number of persons involved (including helpers)

Total number of hours (activity (hours) x number of persons)
